

Lovers, Partners and Friends

Are you in a relationship now but feel emotionally off-balance, confused, anxious, frustrated, with an underlying feeling of anger and depression? Do you find yourself asking questions that never seem to get answered? Have you found that the issues never get resolved and you keep trying different approaches to the same problem? Are you trying to make sense out of his/her words, actions, absences, explanations? Something's wrong but you don't know what!!!!

Don't waste any more time and energy guessing! If you want to know exactly what is going on and what to do about it, have a compatible reading.

- How does their past influence them today?
- How do they view you and the relationship?
- What are their intentions and future plans and do they include you?
- What kind of information are they withholding that affects this relationship?
- What areas will you be compatible and what areas will you not?
- Are there personality patterns that will cause problems?
- Will they be flexible enough to make positive changes?
