

Understanding Your Child

“The most valuable gift you will ever give your child, is to understand them!”

“Children touch our lives and hearts like nothing else on earth! Loving them, brings joy, challenges and most of all, we learn from them.”

A psychic profile gives parents and child an invaluable gift of insight that you can't find anywhere else! How much easier is it to guide a child if you know their characteristics, emotional, physical needs, their career path, intellectual potential, spiritual gifts, and intuitive abilities. You will learn how they perceive themselves, others and the world around them. You will value their uniqueness and they will value your understanding!

The more we understand our children, the healthier the relationship and the more we can:

- Guide them.
- Help them reach their highest potential.
- Know how to help them through difficulties.
- Discover the educational and professional areas where they will be best suited.

A child's profile (on tape) makes an invaluable and unique gift, not only for the new parents but for the older child. Gift certificates are available.
